Director of Central  
Intelligence

Sir,

You will recall that on Saturday, 16 March, we had a conversation concerning the bestowal of the Distinguished Intelligence Medal on [REDACTED] I had Fred Janney talk to Oz the following Monday but before the matter of a conference presentation or a private presentation could be mentioned, Oz asked that the ceremony be withheld until June so that his sons would be home from college and could attend. Accordingly, the matter of the form of the presentation has not been determined. Additionally, because the presentation is now postponed until June, I have not mentioned to George Cary about notifying Congressman Nedzi that the medal will be given. STAT
